Staying the Distance

I have a nine year old grandson living in Wellington. He talks to his grandmother and me most days. It has been really interesting hearing about his school work and his mood for it. It seems to me he likes the routine of doing school work each day and he has enjoyed the variety of activities his teacher has provided for him. There have been plenty of breaks and lots of interesting things to do at home that have been dreamed up by his parents. He and his younger brother have mostly got on ok! I'm sure you have a similar story for how things are going at your house.

Being as routined as possible and being involved with your child's class activities coupled with the things you do at home will keep everyone active and busy. Thank you for all your efforts and keep up the great work.

When we get to Alert Level Two school will be open for all students. That could be as soon as next Wednesday. We will all have to wait and see. In the meantime if there is anything we can do to help you with your child's education please be in contact with their teacher.

Keep being safe and kind

Principal

Touch Rugby – COACHES NEEDED

We have students wanting to play Touch Rugby but we don't have coaches for their teams.

We would like to enter 5 teams but need 5 parents or whanau to coach the teams.
If you or anyone you know is willing and able to coach a team please email
Anna James – ajames @lintoncamp.school.nz.

We can not enter teams without coaches.

We also I need two Team Managers for the under 8 and the yrs7&8 teams. The team manager role is to support the coach, communicate with the team and help supervise the players. This is a great role to take on to if you want to support your child but don't think you have the skills needed to be coach.
